CHARLES MARTIN PASCUAL

JUNIOR SOFTWARE DEVELOPER

+(63) 945-862-8542 | charlesmartinpascual@gmail.com | Purok 1, Sta. Cruz, San Simon, Pampanga, Philippines

An undergraduate student who is looking forward to being hired as an intern to gain experience and develop computer software. Has been studying software development for 8 years.

DETAILS

Portfolio:	https://phrotonx.github.io/html/index.html
Place of Birth:	Angeles City, Philippines
Date of Birth:	May 19, 2005
Age:	21
Sex:	Male
Civil Status:	Single
Religion:	Iglesia Ni Cristo
Nationality:	Filipino
Height:	5'1" or 155cm
Weight:	44kg

EDUCATION

Bachelor of Science in Computer Science

Pampanga State University, 2023-Present – Bacolor, Pampanga, Philippines

- Expected Graduation: June 2027
- Thesis: Tax-IT: Development of a Web-Based Bookkeeping and Automated Tax Computation System for MSMEs with Blockchain Integration
- Relevant Coursework: Fundamentals of Programming (C++), Discrete Structures, Data Structures and Algorithms, Object-Oriented Programming, Database Management Systems, Systems Analysis and Design, Software Engineering, Mobile Application Development, Web Application Development, Applications Development and Emerging Technologies, Programming Languages, Information Assurance and Security, Computational Science, Automata Theory and Formal Languages, Parallel and Distributed Computing

Senior High School - Information and Communications Technology

Next Generation Technological College, 2021-2023 – San Simon, Pampanga, Philippines

- Research: Privacy Awareness on the Internet and its Importance to Grade 11 Students
- Relevant Coursework: Computer Programming (Web Development)

CERTIFICATES & AWARDS

2023-2026	President's Lister from 1st Semester of 1st Year until 1st Semester of 3rd Year, *Pampanga State University*
2023-06	Best in Programming, *Next Generation Technological College*
2023-06	Best in Research Defense, *Next Generation Technological College*
2023-06	With Highest Honors, *Next Generation Technological College*

SKILLS

Programming Languages *(ordered from most proficient to less proficient)*

- **More Proficient:** C#, PHP, Java
- **Knowledgeable:** C++, JavaScript
- **Familiar:** C, Python, Solidity, B4X (Similar to Visual Basic)

Markup Languages: HTML, XAML, CSS, Markdown
Query Languages: SQL
Databases: MySQL
Frameworks: ASP.NET Core (MVC), .NET MAUI, Laravel, Android SDK (Java)

Development Tools:

- **More Proficient:** Visual Studio, Visual Studio Code, Git, GitHub, Code::Blocks
- **Knowledgeable:** WSL2, Docker, Android Studio, XAMPP
- **Familiar:** Advanced Installer

Human Languages

- **More Proficient:** English, Tagalog
- **Knowledgeable:** Kapampangan
- **Familiar:** Arabic, Español

EXPERIENCE

SJM Event Styling Website

Junior Software Developer (Freelancing) – 2025-2026

- Developed a website for a client used to display customer service portfolio, manage event bookings, and advertise the client's services.
- Developed the system using Laravel which uses PHP programming language.

PROJECTS

Thesis Project: Tax-IT: Web-Based Bookkeeping and Automated Tax Computation System with Blockchain Integration

2026 | Lead Developer

- Developed a system that uses ASP.NET 10, C#, an Ethereum Network called Sepolia Testnet, and Solidity Programming Language.
- Responsible for developing the back-end components of the system.
- Designed journal entry versioning and integrity verification mechanisms.
- Implemented blockchain-based verification of journal integrity using cryptographic hashes.

Software Engineering Project: SmileSys

2025-2026 | Leader

- Developed a system that uses.NET MAUI 9, C#, and XAML for the client-side while the server side uses ASP.NET 9 and C#.
- Responsible for developing the back-end components and portions of the front-end components.

EXTRACURRICULAR ACTIVITIES & TRAININGS

2026-10	**Programming Challenge** Regional Assembly on Information Technology Education - PSITE Central Luzon Pampanga State University
2019-07	**Division Training Workshop on Robotics and Intelligent Machine 2019** Angeles City Science High School
